

SPOONER ELECTED
BY LEGISLATURE

Chosen in Separate Sessions of Senate and Assembly at Noon Today.

NAME NEAL BROWN

Democrats Cast Their Complimentary Vote for the Man from Wausau, at the Same Time.

(By Staff Correspondent.)
Madison, January 27.—At noon today the state senators and the members of the assembly in separate sessions voted for John C. Spooner for United States senator and the democratic members voted for Neal Brown for the same office.

Halls Crowded
The two chambers of the senate and the assembly were filled with visitors and interested spectators from all parts of the state. In the senate Senator Miller made the nominating speech of Senator Spooner. His references to the past differences in the party and its present unanimous opinion as to the qualifications of Senator Spooner for the re-election to the office he now holds were the only reference to any element of discord that was sounded. Senator Kreutzer in seconding the nomination made a telling speech and paid many pretty tributes to the greatness of Senator Spooner and the honor he was to the state.

Brown Nominated
Senator Merton of Waukesha made the nominating speech for Neal Brown. He paid high tribute to the honor and integrity of purpose exhibited by Mr. Brown. His speech was profuse in poetry and was a scholarly address. He made a plea for Mr. Brown not as a democrat but as a man who deserved the vote of the members of the legislature. In the assembly Mr. Evans did the honors and his praise for the man from Wausau was as great as was that of Senator Merton in the senate.

In The Assembly
Hon. Ira Bradford placed Senator Spooner's name in nomination in the assembly and his well chosen remarks were spoken without notes but showed careful preparation. He was followed by M. S. Dudgeon, the Madison assemblyman, who paid tribute to the great man and also to the legislature for the privilege of choosing so able a man as the state's representative in Washington.

Tomorrow's Vote
Thursday at twelve the senate and assembly in joint session will formally elect Senator Spooner and after he accepts in person a reception will be tendered him in the Assembly chamber while the democrats will use the senate chamber for the paying of a similar honor to Neal Brown.

COUNCIL MEMBERS
IN COMMITTEES

The Highway and Building Committees Both Hold Sessions.

The highway committee of the city council held a meeting this afternoon to consider the labor question in regard to the work on the city streets. The question of wages was given a careful consideration. The city building committee also held a meeting and the present condition of the city hall was the subject of a warm discussion. The way the floor in the municipal court room has settled and the condition of the marble wainscoting in the halls and corridors calls for some immediate action on the part of the committee.

DIED AWAY FROM HOME

Mrs. George W. Urfel of Peshtigo Passed Away in This City

Mrs. George W. Urfel, of Peshtigo, Wis., died in this city, this morning at 7:30 o'clock after a protracted illness. Her death occurred at the home of George McPherson, 152 Prospect avenue, Mrs. Urfel having been in this city under the care of physicians since the twenty-first of November.

Deceased was forty five years of age and besides a husband she leaves a father and two sisters. The remains will be taken to Peshtigo tomorrow morning at 6:55 o'clock.

LIFE'S CARES ENDED

Elsie Benwitz.

Funeral services for little Elsie Benwitz were held from the home of her parents, Mr. and Mrs. Richard Benwitz, 407 South High street this afternoon at 2 o'clock. Rev. C. J. Koerner, pastor of St. Paul's German Lutheran church officiated and the interment was in Oak Hill cemetery.

Mrs. Cyrus Bliss
Word was received in this city this afternoon of the death of Mrs. Cyrus Bliss which occurred at the home of her daughter, Mrs. Ball, in Oshkosh, this morning. Deceased was the widow of one of the former county treasurers of Rock county and will be remembered by many friends. A son, Eugene L. Bliss, resides at Cincinnati.

AGED PORTO RICAN
HAS PASSED AWAY

Interesting Woman, Who Had Passed Century Mark, Died at Mary Kimball Mission.

Mrs. Eliza Smith, familiarly known as Auntie Smith, died this morning at the Mary Kimball mission of the infirmities of old age. Mrs. Smith's age was not definitely known but it was in the neighborhood of the century mark. She was a native of Porto Rico and came to this country when she was a small child, having run away from home.

Mrs. Smith had been twice married but she was practically alone in the world, all her relatives in this country having died several years ago. Mrs. Smith had resided in this city many years and for some time past she had been cared for at the Mary Kimball mission. Funeral services will be held at the mission Wednesday afternoon at 2 o'clock.

Died of Asphyxiation.

Dayton, O., Jan. 27.—The love for flowers held by J. H. Blerbaum and his wife, Louise, was an indirect cause of the death of the two from asphyxiation. The gas escaped from a small gas stove that was kept lighted to keep the flowers from freezing.

WILL NOT HAMPER
BOUNDARY BOARD

Commission Is to Have Free Rein in the Interpretation of the Treaty of 1825.

Ottawa, Ont., Jan. 27.—Sir Wilfrid Laurier, the premier, has arrived here from Montreal. The premier was asked as to whether or not there were any conditions attached to the treaty for the settlement of the Alaska boundary. "There are no conditions," replied Sir Wilfrid. "The arbitrators are appointed to interpret the treaty."

"That is the treaty of 1825?"
"Yes, the treaty of 1825. The arbitrators will not be hampered by any conditions. They will have the whole case before them as shown by the convention of 1825."

"What are the provisions as to the selection of the arbitrators?"
"The only provision is that they are to be jurists of repute. There will be three jurists of repute on each side."

"Canada will be represented?"
"Of course Canada will be represented. It is needless to ask that."
"And if arbitration be against Canada, what then?"
"Canada must bear it. We will have to abide by the decision of the tribunal."

STATE NOTES

Paper makers in the Neenah district gave up their fight and decided to return to the long hours working schedule.

Members of the Southern Wisconsin Cheesemakers' association will meet in Monroe in convention on Feb. 12 and 13.

Members of the state live stock board met at Madison and decided to ask the legislature to pass a bill prohibiting the importation of Western horses into the state, unless accompanied by a good bill of health from a reputable veterinarian.

Will Inspect Plant: President Carle and Secretary Bingham of the Janesville Business Men's Association will visit the Hough Porch Shade corporation tomorrow to see if the company had carried out their part of the agreement made with the association. If they find everything satisfactory a call will be issued for the payment of the subscriptions necessary to get the plant here.

AWFUL FIRE IN
LONDON ASYLUM

Fifty Jewish Insane Women Burned to Death, Without Means of Escape.

A TERRIBLE SCENE

The Fire Broke Out at Daylight, with Fearful Results to the Crazy Inmates.

(Special By Scripps-McKee.)
London, Jan. 27.—Fifty lives were lost in a fire that destroyed the Jewish wing of the State Insane Asylum at Colney Hatch, North London, at five thirty this morning. Six hundred patients were in the wing at the time of the fire.

Awful Scene
The scene was awful and the desperate attempts of the frightened inmates to escape from the barred walls was horrible to witness. There were no fire escapes and no water supply to fight the fire with at hand.

Find The Bodies
Fifty bodies have been taken from the ruins and many more are still thought to be buried in them. The victims were mostly old ladies. The building was of corrugated iron and pine and burned fiercely.

LIFE SENTENCE
IS GIVEN LYNCH

The Irish Patriot Will Suffer Life Imprisonment, His Neck Being Spared.

(Special By Scripps-McKee.)
London, Jan. 27.—The sentence of Col. Lynch has been commuted to life imprisonment, the death sentence having been changed by order of King Edward.

DEATH HOVERS OVER
THE SWEDISH MONARCH

King Oscar's Condition Indicates That He Will Never Rise From His Bed.

Stockholm, Jan. 27.—King Oscar, who has been stricken with a severe illness, is in a serious condition. It is feared he may never rise from bed. News of his condition is closely guarded, but it is known that all but one of the royal family are in constant attention on the stricken monarch, now aged. Prince Eugene, the youngest son, is the only exception and he himself is dangerously ill. Anxiety concerning the prince's condition has seriously aggravated the king's attack.

Crown Prince Gustaf is hastening arrangements to assume the vice regency. All King Oscar's immediate engagements have been canceled, including his annual trip to Christiania, and the approaching entertainment of the Danish crown prince and princess.

Although King Oscar was able to open the rigsdag Jan. 17 he has fallen rapidly ever since. It is a long time since the king has been ill and all the circumstances of the present attack indicate that his mental and physical condition has reached a point that threatens sudden collapse.

DORA MEEK GRADUALLY WAKING

Girl Who Slept for 120 Days Writes That She Is Tired of Town.

Centerville, Ill., Jan. 27.—"I am tired of town," was the first message Dora Meek gave her parents after her wonderful 120 days' sleep. The message came on a pad kept at her chair, and with it a request to visit Kate Fisher, a country cousin. Since Jan. 1 she has been recovering rapidly. The attack of hysteria had been ascribed to a lover's quarrel, but now, it is said, to home sickness or overwork in a restaurant. A year ago she suffered a shorter attack and did not talk until able to walk. She now sleeps soundly less than half the time.

GETS A HIGH JUDICIAL POST

Judge W. R. Day Accepts Seat on United States Supreme Bench.

Canton, O., Jan. 27.—Judge W. R. Day has accepted a tender of appointment as associate justice of the United States supreme court. Judge Day said in answer to a query as to his appointment:

"I received the tender from President Roosevelt Saturday. I mailed my acceptance Monday morning."

Judge Day does not know when the appointment will be sent to the senate.

Charged With Killing Eoy.
Smith Center, Kan., Jan. 27.—Albert Jordon, a wealthy farmer, and his wife, of Crystal Plains, are in jail here, charged by a coroner's jury with whipping to death Harry Kipers, 4 years old. The boy, with an older brother and sister, was intrusted to the care of the Jordons a year ago by their guardian.

LESSLER DENIES
DOBLIN'S STORY

Says He Did Not Induce Him to Tell Anything But the Truth.

STATE ONLY FACTS

Congressman Only Saw Witness Privately, to Avoid Publicity Until Proper Time Came.

(Special By Scripps-McKee.)
Washington, Jan. 27.—Congressman Lessler was the first witness before the naval affairs investigation board this morning. He said that he had not told Doblin to tell any story but the truth and believed what he said first was true.

To Avoid Publicity
He said that he met Doblin privately to avoid publicity to the affair and only told him to tell the truth. There was no talk as to the truth or falsity of the story as he considered the story true as he first heard it.

Sent Secretary For Him
He also did send his secretary for him as he wished the matter to be taken up quietly and no publicity given till the proper time to the investigation. He had no idea why the story should be contradicted.

WANTS THE CZAR
TO RIGHT WRONGS

Polish Girl Accuses the Russian Czar Favoring Her and Then Deserting Her.

(Special By Scripps-McKee.)
Vienna, Jan. 27.—Die Zeit this morning prints a story to the effect that the Czar was recently accosted by a Polish girl, he has favored years ago, in the gardens at Livadia, and charged with desertion. The Czarina overheard the conversation and a scandal may result.

EXEMPTS CREDITS FROM TAX

Wisconsin Commission's Report Contains Sensational Features.

Madison, Wis., Jan. 27.—The state tax commission has made public its report, in which it declares for exemption of credits in taxation, ad valorem estimate of taxation for railroads, a state budget, the re-enactment of the inheritance tax law and the change from the one-mill tax for the common school fund to a specific appropriation of about \$700,000.

The sensational feature of the report is that of exempting the credits, the commission declaring that it would be folly to perpetuate the pretense of trying to reach intangible property and that it would result in taxation, inequality and much confusion.

In his message to the legislature Gov. LaFollette urged the taxation of mortgages, and this means that there will be a fight over this point, for the probabilities are in favor of no re-enactment.

RESENT NAME OF JACK RABBITS

Utah Legislators Censure Salt Lake Newspaper's Criticism.

Salt Lake City, Utah, Jan. 27.—The lower house of the legislature made formal objection to its members being compared to Jack rabbits. The objection was in the form of a set of resolutions severely censuring a Salt Lake City paper which published an article stating that the members from San Pete county "could change places with Jack rabbits and the legislature would be strengthened by the presence of their substitutes." The resolutions, which were passed after a lively debate, declare that the remarks cast serious reflection upon the intelligence of the members.

AGED MURDERER IS CONVICTED

John Temple, 71 Years Old, Must Serve Sentence in Joliet.

Rockford, Ill., Jan. 27.—John Temple, charged with the murder of Grove Tisdale, an old race horse man at Oregon, has been convicted and sentenced to life imprisonment in the Joliet penitentiary. Temple is 71 years of age. Temple and Tisdale had an argument over a trivial matter last fall and the latter was stabbed during the night following. On his death bed he said Temple stabbed him.

MAYOR RUINS SLOT MACHINES

Hears Complaint of Suffering Wife and Then Demolishes the Devices.

Guttenberg, N. J., Jan. 27.—A woman called on Mayor Lutz and complained to him that her husband was squandering his earnings in slot gambling machines in a saloon. The mayor went to the saloon and was told that the machines were out of order and were not used. The mayor dropped a nickel in and out dropped two. Then he secured an ax and demolished the machines.

REWARD FOR FUGITIVES.

St. Louis, Mo., Jan. 27.—Bill Anderson, or Rudolph, and Frank Lewis, the supposed Union (Mo.) bank robbers and murderers of Detective Charles J. Schumacher, are still at large. A reward of \$1,800 has been offered for their arrest.

OUR SUPERIORITY IN COAL.

Britain's coal measures cover 9,000 square miles, against the United States' 22,500 square miles.

BROKEN FURNACE
CLOSES SCHOOLS

Two Grades at the Washington School Take an Enforced Vacation for Two Days.

Owing to the breaking down of one of the furnaces at the Washington school, the fourth grade and the kindergarten department have been closed down for the past two days. It is expected that the temporary repairs will be made so that school can be opened again tomorrow morning but it will be at least ten days before the permanent repairs for the furnace arrive from the factory. The furnace which is out of repair only furnished heat for the fourth grade and kindergarten room so that the other grades were not affected.

There has been considerable more trouble than usual with the furnaces in the different school buildings this year. Recently the grate at the Jackson school burned out and temporary repairs had to be made until the new grate arrived. It is possible that he using of a different kind of coal has something to do with the trouble. Until this year, anthracite coal has always been burned in the school furnaces. This winter soft coal has been used for reasons of economy and because it was impossible to secure a sufficient quantity of anthracite.

FARMERS CONDEMN
CONVICT LABOR BILL

Believe the Measure Will Plunge the Prisoners into an Inhuman System of Idleness.

Joliet, Jan. 27.—The adoption of resolutions by the Will County Farmers' Institute registering the protest of the farmers against any change in the labor of convicts and condemning the proposed legislation at Springfield has aroused the labor people of this community. It is claimed the farmers do not understand the plans in view, and that the situation has probably been grossly misrepresented to them.

Referring to the bills pending looking to a change again, the resolutions of the farmers assert that such changes will plunge the convicts into idleness, a system that is inhumane, or their labor will be so handled as to make it practically worthless, "taking from the state all their earning capacity and placing not only the expense of caring for them but the expense of experimenting in new fields—a very large sum of money—on the taxpayers of the state, thus entailing greater hardships on the community at large, and especially on the farming interests."

SPARKS FROM THE WIRES.

Members of the Utah legislature formally objected to being called jackrabbits.

Judge W. R. Day of Canton, O., accepted the appointment to the United States supreme bench.

After an unusually warm campaign the Union League of Chicago elected E. A. Bancroft, president.

Zion City paid to the Northwestern railroad company \$108,000 revenue last year. A great increase due to heavy building operations is expected this year.

A British naval officer at La Guayra is said to have announced that the blockade will be raised to tomorrow.

Mayor Harrison's draft of a Chicago street railway referendum law was rejected by the common council.

Chicago banks will probably follow the example of New York and increase their proportion of capital surplus to deposits.

Two hundred saleswomen were thrown into a panic in the department store of S. Lederer in Chicago which was wrecked by fire.

Max Waldenburger, representative of the German Horse Meat company, reached New York en route to Chicago, where he will establish a horse slaughtering plant; he declared it better food than cheap beef.

Members of the Chicago civil service board denied the charges made by W. H. Maple and asserted that his pique at not having passed an examination prompted his accusation against the commission.

In a resolution the Chicago City council offered to co-operate in an effort to raise funds for sufferers in the famine stricken portions of Sweden.

The hitch between Indiana coal operators and State's Attorney Deenen over the statement of fact may result in the former's trial under indictments with the risk of a penitentiary sentence.

Joe Thomas, a negro desperado, was burned at the stake near New Orleans for the murder of Sheriff Oury of St. James parish, while resisting arrest; other negroes of the vicinity are threatened with the same fate.

Philip Doblin admitted that part of his testimony made at Washington concerning the offer of a bribe of Lemuel Quigg to Congressman Lessler is a lie and made a statement defending the former.

Reward for Fugitives.
St. Louis, Mo., Jan. 27.—Bill Anderson, or Rudolph, and Frank Lewis, the supposed Union (Mo.) bank robbers and murderers of Detective Charles J. Schumacher, are still at large. A reward of \$1,800 has been offered for their arrest.

Our Superiority in Coal.
Britain's coal measures cover 9,000 square miles, against the United States' 22,500 square miles.

DEMOCRATS HAVE
A PRIMARY BILL

Minority Present a Plan for the Election of All Candidates, to the Legislature.

DIVORCE PROBLEM

Free Books Are Also Asked for by Northwestern Turners—Tax Reports.

(By Staff Correspondent.)
Madison, Wis., Jan. 27.—The democrats submitted their primary election bill, at the session of the senate last evening, and the legislature now has for its consideration a selection of bills which will make the nominations by the direct vote of the people, that is hard to beat. The Democratic primary bill was introduced by Senator Merton of Waukesha. It is very similar to the bills submitted in the house, by the republicans. A feature contained in the democratic bill, however, is that it provides for the nomination of a United States senator, on the primary ballot, just the same as the other offices.

Divorce Question
The divorce question seems to be the mark of statesmen on every hand, for in addition to the bill introduced in the assembly that insanity be made a ground for divorce, comes another bill, making divorces difficult to secure. The bill was introduced in the senate by Senator Merton, and it provides that a judgment in a divorce cannot be entered until a year after the findings of the court have been filed. The bill also provides that the decree will lose its effect of the parties in the action live together as man and wife during the year aforementioned. The real purpose of the bill is to prevent re-marriage of a man and wife, just after they have been divorced.

Free Books
If the petition of the Northwestern Turners' association is granted, the school districts will be forced to furnish free books, to the pupils attending school in the district. The petition from the body of turners, which represents 3,500 people, is the result of a memorial passed at a meeting held in Menominee, Mich., on June 18, 1902.

Tax Report
The report of the tax commission in printed form was laid on the desks of the members of both houses last night. It is neatly bound in black cloth, and lettered in gold. It is a book of some two hundred pages, and contained many statistics in addition to the reading matter.

W. A. B.

WATERTOWN WANTS
A CANNING PLANT

Large Delegation of Citizens Confer with Hohenadel's Representatives.

G. F. Belknap, P. A. Marsh and Rev. W. A. Goebel went to Watertown yesterday to attend the citizens' meeting called to hear their proposition in regard to building a canning factory in that city. The meeting was largely attended and the citizens were quite enthusiastic over the proposition made them by these gentlemen.

A committee of fifteen citizens was appointed to take up the matter with the P. Hohenadel Jr. company and also to secure a site and raise the bonus it looked last night as if the project would be a go and that a factory would be erected there in time to handle the next season's crop.

The factory will be a branch of the P. Hohenadel, Jr., plant in this city and will be conducted from here.

THE EVENTS OF THE DAY

Injured His Hand: Ira Devaul, a workman employed by the People's Ice Company yesterday afternoon had his hand badly torn by an ice hook. Dr. Judd attended the injured man and took several stitches in closing the wound.

Patrol Call: The fire patrol wagon was called to the 5:10 St. Paul train from Stoughton yesterday afternoon to convey Mrs. James Harris to her home. Mrs. Harris has been very sick for some time and has been under the care of Dr. Hyland of Stoughton.

Honor For Miss Holt: Harriette Holt, formerly of this city, but now an instructor at the university of Iowa, has been elected a member of the Modern Language Association of America. Election to membership in this association is a high honor and Miss Holt's many Janesville friends will be pleased to learn that it has been conferred on her.

Go To Jail: "Darb" Griffin and "Wicked" Willie O'Donnell had a session with Judge Fifield this morning. Chief Hogan picked them up yesterday for being drunk and disorderly and this morning they were given a chance to explain their conduct. The outcome of the affair was that "Darb" was given five days in jail and \$10 and costs or eighteen additional days. Willie was given five days and \$10 and costs, and in order that he and "Darb" should not both get out on the same day, the Judge made his additional days twenty.

INTERESTING WORK BEING DONE BY THE ORDER OF HOLY CROSS FATHERS

OF THE EPISCOPAL CHURCH, NOW HOLDING SERVICES HERE.

THEIR LIFE IN THE MONASTERY

While Few in Numbers, They Are Ardent Workers in Christ's Cause.

Coming to this city as entire strangers, wearing the peculiar habit of monks and prepared to meet prejudice and opposition, three Episcopal priests have quietly and fearlessly taken up their work among the parishes of Trinity and Christ churches. Although only four days have elapsed since the opening of the mission under their direction, these priests have firmly established themselves in the esteem and confidence of the people. Fearless in the pulpit, devoting themselves with a singleness of heart and purpose to the life of the religious, they are nevertheless genial gentlemen to meet personally. Their time and strength is given to their work and to the manifold services of the day so that they have but little time for social conversation, but for everyone whom they meet there is the cordial greeting and the hearty handshake.

These three priests, Fathers Huntington, Hughson and Sill represent the Order of the Holy Cross, one of the three orders of Episcopalian monks in this country. The other two orders are the Companions of the Holy Saviour, who are connected with St. Elizabeth's church in Philadelphia and the mission priests of the society of St. John, the Evangelist, whose mission house is at Boston and who are commonly known as the Cowley Fathers because this order has its headquarters in Cowley, a suburb of Oxford, England.

The Holy Cross Fathers wear a costume closely patterned after that worn by the priests under the direction of St. Augustine in Northern Africa during the fifth century. This costume consists of a long loose-fitting tunic which has the long sleeves and which reaches almost to the feet. Over this is worn the cape-like pelisse and the cowl or hood which may be thrown over the head. There is also the scapula and the tunic is belted in with the black braided girdle with the three knots in the ends of the long cords. A black cross is suspended around the neck by a short black cord. The garments are made of coarse black or white cloth, the black robes being worn on the street while the white ones are always worn indoors. The combination of the black cross and girdle with the white robes is peculiar to this order and is very effective.

Father Huntington is the Father Superior of the Order. He has been identified with it for the past twenty years, having served as its Superior for the past six years. Fathers Hughson and Sill have been with the order for the past three years, the first two years when they were novices being spent entirely in the mission house. They both took their vows last May. Father Huntington and Father Hughson are in the full vigor of middle-aged manhood, but Father Sill is a younger man.

Although the priests have frequently suffered misrepresentation at the hands of the newspapers Father Huntington received a Gazette representative cordially and talked freely concerning the priestly community of which he has charge. The Order of the Holy Cross was founded twenty-three years ago by a few priests who felt called of God to lead the monastic life. Its present home is at Westminster, Maryland, but it has outgrown the accommodations of the building which was originally a large dwelling house and was presented to the order by Miss Lucetta Van Bibber, a member of one of the prominent families of Baltimore.

A permanent home for the order is in process of erection at West Park, N. Y. The new home is beautifully located on the banks of the Hudson river, having a front along the river for one-eighth of a mile. The grounds are extensive, including seventy acres and the building, which now has the roof on, will cost when completed \$40,000. Of this amount \$25,000 has already been given.

Extensive vineyards will be a feature of the new home which is a substantial brick building, very bare and plain. It contains thirty-five sleeping rooms, beside the library, community rooms, dining room, kitchen and chapel. At the present there are only six Fathers in the order but the household is much larger as many priests are entertained at the house. Many of them go into retreat there for spiritual refreshment and others simply visit the house.

Father Huntington emphasized the fact that this home is not being built by the Fathers merely for their own convenience and comfort. It is their offering to the church of the future, the desire being to create a center of spiritual life, to establish a house in which the atmosphere is one of prayer, where there is a continual flow of devotional service and where God is the supreme object of all thought. The new home is beautifully located for this purpose. It is so secluded that no interruption or distraction from the outside world need be feared yet at its very feet throbs the pulse of human life for both the Hudson river and the New York Central railroad are within view of the building. The order of the Holy cross bears a general resemblance to the Dominican order, combining the life of praise in the home with the life of preaching outside. The priests take the vows of poverty, chastity and obedience but they are not merely ascetics and carry none of the principles which their lives exemplify to extremes. Their food is simple and plain and it is wholesome and their diet is so ordered as to give

them physical strength for their work.

Poverty is not construed to mean raggedness but the priests own nothing in the world but the cross which they wear. Everything else belongs to the community. They live upon the gifts of the people, never soliciting for funds and yet, for the past sixteen years the voluntary offerings have always been sufficient. These offerings come in small amounts, there being no wealthy people among the donors, and the community never has any money in advance. There is rarely enough in the treasury at the beginning of the month to pay the month's expenses.

At least two-thirds of the year is spent in outside mission work among the churches and the Fathers ask nothing but their traveling expenses and keep. Whatever else is given them is a voluntary gift. The order has no parish work in Maryland and its work at home is simply within the mission. A great deal is made of the cloister.

Daily life in the mission house is governed by strict rules. The priests rise at 5 o'clock, attend chapel at 5:25. Meditation comes from 5:30 to 6, morning prayer and prime at 6, followed by the celebration of the Holy Eucharist, breakfast at 8; terce at 9:30; sext and none at 12; dinner at 12:30; recreation from 1 to 1:20; even song at 4:45; meditation from 5:15 to 5:45; supper at 6; recreation at 6:30 to 7:15, comp... at 8:30 and lights out at 10.

By this schedule one hour is given each day to recreation and during this time the community is required to be together, each one contributing to the general conversation, which is guarded carefully and kept free from gossip. This is for the strengthening of the community life and feeling of brotherhood. During both dinner and supper some book is read aloud and after these meals the priests go in procession to the chapel for a visit to the Blessed Sacrament.

The life is simple and plain, the priests endeavoring under special conditions to make their life illustrative of the fundamental principles of religion which should govern the lives of all Christians. Of the six priests in the order, all are Americans, two coming from Boston, two from New York, one from South Carolina and one from Illinois. There are also between thirty and forty priest associates and over five hundred lay associates. As the numbers of Fathers increase, it is the hope of the order to branch out into foreign mission work.

BASKET BALL TEAMS AT WORK

League at the Y. M. C. A. Building Is Practicing Hard for Games.

Basket ball is the order of the day at the Y. M. C. A. gymnasium. On at least four nights of this week league games will be played under the newly perfected organization; one evening a match game will be played with an out-of-town five, and the association team will practice frequently and with heightened energy after the defeat they suffered on Saturday evening.

Teams captained by Murdock and Matthews contested in the league series on Monday evening. The latter five was easily victorious by a margin of eight to ten points. The schedule for the balance of the week is as follows: Wednesday, E. Palmer vs. H. Griswold; Friday, Business Men vs. Young Men; Saturday, R. Palmer vs. W. Gregory. There are now ten teams in the league.

Monday evening the association five will entertain the Milton College team in the local gymnasium. Incidentally they will attempt to avenge the havoc which the visitors wrought in the ranks of the high school men not long ago. The game will begin at seven-thirty in the evening.

Wants Boots Himself To the Editor Gazette: Dear Sir—In one of your last week's papers I noticed that the city furnish rubber boots to the one in need; well I need a pair very much, as for the last few years right around my place, corner of Academy and Milwaukee streets, the water stands sometimes one foot deep, in a distance of from 20 feet by 16 feet. No alderman or street commissioner ever tried to do anything to fix up this place, no matter how often their attention was called to it. It is simply a disgrace to the city and an insult to the taxpayers, and a place for the health officer to investigate later on. Respectfully, H. C. DREYER.

...Forty Years Ago...

Janesville Daily Gazette, January 27, 1863.—Gold today in New York went up to the high figure, \$153. Well, we do not see that the world has stopped moving on that account. We have known wheat \$1.60 a bushel, but no one was alarmed, or came to any harm in consequence. Gold is a commodity in the market, the same as wheat. It is dear now because it is scarce. Greenbacks are the American standard, and not gold, which is no more the standard than wheat, pork, or corn, since it fell into the hands of speculators.

CARNEGIE'S WORK NEAR COMPLETION

WORKMEN HAVE RUSHED WORK MOST WONDERFULLY.

IT IS A MODEL IN ALL PARTS

Shelves for Books Are Being Placed in Position, and Plaster Work Is Done.

Carpenters, masons and painters have wrought a transformation in the Carnegie library in the past few weeks. Ever since the cold weather set in a fire has been maintained in the furnace, and the temperature has been kept at a comfortable point to allow the building operations to go on uninterrupted.

On the basement floor there has practically nothing left to be done. The woodwork has been finished, the walls tinted, and the doors and windows placed. The walls are of a light green tint in some rooms while a light brown of a harmonizing tint has been used in others.

All of the book cases for the second floor have been set up. In the main room, into which the main entrance ushers the visitor, the cases are of the usual type, with oak ends, and adjustable open shelves, but in the two rooms which flank this main hall the shelves only extend to a height of about four feet and are built along the walls.

On the top floor two large rooms are unfinished, as they will remain until some later appropriations are made to cover the cost. One room only, has been plastered. The main stairway, running from the basement to the second story, is now being erected. It is to be of oak, with hand-somely carved posts, and running boards. The design is simple but effective.

WAS NOT OUR JOHN McELROY

The Man Who Was Injured in the Northern Part of the State, Was Not the Janesville Man.

Considerable apprehension for the welfare of John McElroy has been felt during the past week by some of his friends who read newspaper accounts of a stabbing affray in a remote part of the state in which a man by the name of John McElroy was injured. Not knowing what part of the state was being toured at that time by the Earle Doty Company of which Mr. McElroy is business manager, it was natural to decide that he had come to grief. All fears have been put at rest by a letter from Mr. McElroy, in which he establishes a convincing alibi. The company was to be at Osage, Iowa, last evening, and was meeting with the same encouraging success as throughout its trip.

AFTER ACREAGE FOR BEET FIELDS

Wisconsin Sugar Company Is Working Near Avalon with This in View.

Edward Stark, representing the Wisconsin Sugar company, is this week working in the direction of Avalon in an attempt to secure acreage for the cultivation of sugar beets this year. Wherever he has gone he has found it to be the rule that an attempt means success, which speaks well for the possibility of a factory in this vicinity within the next few years.

The company is contracting to pay a price of \$4.25 a ton for the sugar roots and upwards depending on the percentage of the saccharine element. During the past year the factory at Menominee Falls had an output of 7,000,000 pounds of sugar as contrasted with 5,720,000 of the year before. President Wagner of the company expects to increase the acreage of beets until the factory will be enabled to continue operations until the middle of February each year.

WEIGHTY EIGHTS

Miss Helen McDonald Entertains The Novel Club At A Picnic Supper. Miss Helen McDonald was the hostess at a gathering of the "Weighty Eights" last evening and the members had a most enjoyable time. A picnic supper was served at 6:30 o'clock, each member providing some part of the spread which was a model of its kind.

After the banquet the balance of the evening was spent in playing games and an impromptu program of vocal and literary numbers was rendered. Misses Gladys and Marjorie Nicholson and Katherine Blunk took leading parts in the entertainment.

ROCKFORD STAR INVESTIGATIONS

That Paper Sent Two Reporters to Janesville Last Friday to Look Up Facts.

The Rockford Morning Star was not beholden to any one in Janesville for its article on municipal affairs in this city published last Sunday. The publishers of the paper thought there was enough to the stories brought out by the investigation started by the Municipal League to send two reporters to this city last Friday afternoon to get the facts.

They talked with a number of people about town and also with Attorney Pierce, at the city hall and secured enough pointers to get up their article.

If the young man who writes articles for the "Recorder" would investigate and not jump at conclusions so often, he would have less fault to find with people who correspond with outside papers, other than those furnished by himself.

HIGH SCHOOLS TO HOLD MEET

They Will Assemble at Beloit on February 21 for an Indoor Meet.

Eleven events will be contested in the quadrangular meet at Beloit on February 21, when three high schools and an academy will come together in the Beloit college gymnasium. Coach Norris of the local high school has received from Coach Hollister of Beloit college the list of the events for which to prepare his men.

To the team which wins the relay race and this is to be held up as one of the great events, is to be given a pennant. A similar pennant will be given to the team having the greatest number of points to its credit. Silver and bronze medals will be awarded to the individuals securing the greatest number of points.

The following events have been decided upon, and Janesville will probably be represented in each of them: Twenty-yard dash, twenty-yard high hurdles, twenty-yard low hurdles, 440-yard dash, 880-yard dash, one-mile run, two-mile run, pole vault, high jump, shot put, relay race.

INCENDIARY FIRES

Milton Has Two Blazes Last Night That Have Peculiar Look

Two fires, having every indication of having been started by incendiaries were discovered at Milton yesterday evening. The first fire was in the Milton House barn which was destroyed, the cattle and horses being removed to places of safety before the fire reached them. While the Milton House barn was burning the Richmond House barn, half a block away was discovered to be on fire, but by prompt work on the part of the fire department this blaze was extinguished before much damage was done. The loss on the Milton House barn is estimated at about \$2,500 but on the Richmond House barn it is small. There have been a number of fires in Milton of late and all have occurred under suspicious circumstances. The residents of the village feel satisfied that there is an organized gang engaged in the work.

New Way to Polish a Stove.

No Waste—Odor—Or Dirt.

By sprinkling Sifter Stove Polish on the stove and then rubbing with a damp rag and gently brushing with a dry cloth, a brilliant, jet black lustre is obtained. Sifter Stove Polish comes in a large box with a perforated top, through which the polish is sifted just like peppering a beefsteak. Sifter Stove Polish is made of pure powdered graphite, which is not affected by fire, produces the most brilliant polish, and when applied, won't rub off. It is odorless. It never dries up. It does not require soaking in water before using. A 10 cent box of Sifter Stove Polish will polish more stoves than three times its cost in any other polish. Get Sifter Stove Polish of any dealer at 5 cents a box, a 10 cent box contains more than twice as much. Insist on the yellow label with the hand.

POST CHECK CURRENCY

The auditor of the Hon. H. A. Castle, auditor for the postoffice department before the committee of the house on the question of the post check currency, illustrates what the postoffice department thinks of this measure and makes interesting reading to those who are not thoroughly acquainted with what the proposed bill really means to the public at large. Mr. Castle says:

During the fiscal year, ending June 30, 1902, 42,000,000 money orders passed through the auditing office, and this year it will be 50,000,000. They average about \$5 each, which would make a total of \$100,000,000. I think at least 30,000,000 of these orders will be for less than \$5. Of course a \$100 order offsets a hundred \$1 orders in arranging the average. The government has collected three cents on each of these 30,000,000 money orders, which is the fee of issuing a money order of less than \$5. Third and fourth class postmasters get three cents for every order issued regardless of its amount so that for all orders issued for less than \$5, they get the entire fee. If the order is issued by a city post office, that is, a first or second class office, it costs the government as much as six cents, on account of clerk hire, to issue and report a money order. So the government makes a profit on the issue of these 30,000,000 money orders, to cover the other heavy expenses involved in the system, and in some cases it loses.

See what has to be done after the issue, for which no compensation is received. We get every week from New York and Chicago a statement of the postmasters, accompanied by the money orders, as vouchers making for each of these cities 125 immense volumes of money order statements each year. One hundred and fifty thousand vouchers accompany each of these statements every week and 100,000 of them will be for less than \$5 each, for which the government has received no net revenue.

The post offices at New York and Chicago have high priced clerks to make out these statements and compare the vouchers with them. The weekly statement from each office must contain the number of each money order, the town where issued and the amount. These statements each cover 600 sheets of paper, each sheet containing six columns of figures, 40 items in a column, and each column must be footed up, making 3,600 columns of figures to be added up and carried along. Then they come to our office where each one of those 150,000 vouchers, which come in every week from each of these offices, must be checked with the entry on that statement, one after another, and every one of those 3,600 columns must be again footed up and the totals verified by clerks with average salaries of \$1,200 a year. This comparison is all necessary before the paying postmaster can be credited with the amount of his alleged disbursements, but this is only the beginning of our work.

The vouchers are passed along to a set of men who stand at round tables with pigeon holes representing the different states and they assort and throw those 150,000 orders into the holes representing the states. Then they are passed farther along to a section of women, who arrange them alphabetically according to the town in each state. Then they go to a third section, where they are arranged by consecutive numbers in each town. Then they are passed on to another section, where they are checked individually by the statements of the postmasters who issued them, so as to know that each account is correct and that the sum acknowledged can be properly debited in each case. For instance, sometimes a postmaster will sell a money order for \$100 and debit himself with \$1 and call it a mistake; and strange to say, 75 per cent. of the mistakes are against the government. We catch hundreds of these mistakes every day in checking the vouchers of 31,000 postmasters, and the utmost vigilance is required to prevent heavy loss.

These 150,000 vouchers must then be tied up into bundles of about 1,500 each, labeled and filed away for seven years. One hundred thousand of these orders are for less than \$5 each, and all this auditing and assorting work, involving six distinct manipulations and two separate checkings, has been done without a cent of compensation, as the postmaster who issued an order as a rule received the entire fee paid for it, and with first and second class offices the loss is still greater.

You may see the reason for trying to devise some plan to obviate this expensive and complicated work which is increasing at a marvelous rate. It increases from 15 to 25 per cent. per annum. It has nearly doubled since I came to the auditor's office six years ago, and we cannot prevail on congress to give us help enough to properly take care of it.

Ten years ago the office was five years behind in this assorting and checking work. It has been caught up with, but we have been drifting behind in spite of every exertion. The volume of this work increases every year beyond even our own estimates made the year previous.

The post check system would displace many of the smaller orders which are almost unprofitable and aggravating to deal with. The volume of the money order issues would be somewhat reduced; at least its enormous growth would be checked. In my opinion there still would be enough in the money order business for the postal service to take care of. The post check would entail no work upon the auditor for the post office department, for there would be no auditing anywhere, as we use the term. The paid checks would be destroyed and reissued the same as mutilated currency is now handled. Mistakes in addressing would be infinitesimal in my opinion. Mistakes occur always in any kind of business, but business goes on. Errors can be easily corrected and their magnitude or danger would in no respect equal those of the present system of money orders where a great many complicated rules have to be complied with.

I have seen no reason to change in any way my first favorable opinion of the post check and I have been confirmed in my favorable opinion by subsequent study.

MCKINLEY'S BIRTHDAY

Thursday next will be the anniversary of the birth of the late President McKinley. The McKinley Carnation League of Cincinnati has issued a call to all those who wish to commemorate the day to wear a carnation in their buttonhole. It is a pretty tribute to the departed martyr and one which will cost but little effort on the part of the public. The McKinley league realize that in our busy world there are many holidays and with that in view they have decided upon this little tribute instead of a whole day set aside for this purpose.

SPOONER'S VICTORY

Senator John C. Spooner will on Wednesday next be elected to the position of United States Senator to succeed himself. Eighteen years ago on the twenty-eighth of January Senator Spooner was first elected senator to succeed Angus Cameron. The Sentinel erroneously stated in Monday's paper that he succeeded William F. Vilas. William Vilas was elected senator to succeed Senator Spooner in 1891 and in 1895 Senator Spooner was again chosen to succeed Vilas. Little things like this mark the carelessness of a paper which is supposedly as carefully edited as is the Sentinel and the modern political writer should acquaint himself with these facts before attempting to tell the reading public what are facts.

VENEZUELA'S TROUBLES

Not content with having one force pounding away at the forts along the coast and hammering down the doors of commerce poor Venezuela is again spit up by a civil strife that is gaining in strength each day and which bias fair to make all of President Castro's efforts for a peaceful solution of the trouble come to naught. Venezuela like all other South American republics have not yet been accustomed to the use of power and revolutions are daily pastimes for the plotting half breed Spaniards that makes up the greater portion of the population. Castro might be able to bring about a peace that would help this country out of its present dilemma but if he is to have to fight fees at home and abroad he will probably not accomplish it.

IGNORANCE NO EXCUSE

"Mr. Goldin will continue to hold both jobs of course, but we do not believe Mr. Whitehead is really proud of the part he has played in bringing this about. Mr. Whitehead's constituents are certainly not."

The above paragraph by the governor's private organ in Milwaukee states most emphatically that the constituents of Senator Whitehead in Rock county do not approve of this conduct in the Goldin affair. If the governor's organ would look over the past campaign it would see that at the caucuses and also at the fall election, the constituency of Senator Whitehead approved of him and disapproved of the man whose mouthpiece they are. Ignorance of the real condition is no excuse for a senseless attack upon a man who is as honest in the political field as is Senator Whitehead. Had he stooped in the tricks of the average administration politician the present state of affairs might have been changed. But the paper must be excused for ignorance owing to the fact the beam in its eye is so large that it cannot clearly see the mote in its neighbor's eye.

Congress has got an investigation

of a bribery charge on its hands that places the coal investigation in the background.

Now the city is to be sued for icy sidewalks. Perhaps some lot owners will take advantage of the January thaw and clean their walks.

Evidently the architect forgot to talk to Lowell before he completed his work on the new city hall.

PRESS COMMENT

Kaukauna Sun: The stock markets report money as being easy, but coal is as hard to get as it was earlier in the season.

Eau Claire Telegram: The truth of the matter is that many of the oleo products are infinitely to be preferred to the average country butter.

La Crosse Chronicle: Now that dancers' heart is a recognized female disease some scientist may have an enjoyable time in searching for the germ.

Chippewa Herald: Our old friend C. Nation is lying mighty low these days. Ellen Stone is equally mum. When it comes to persistent press reports there's only one Lydia Pinkham after all.

New London Republican: Great country this! While most people are chiefly concerned over the question of how to keep warm a lot of ley lemmen are at work getting up stuff to keep the people cool.

Green Bay Gazette: Possibly the public will learn enough about the inside of the coal business before the winter is over to repay it for the trouble, inconvenience and suffering resulting from the fuel famine.

Fond du Lac Reporter: Now that Bob has spoken, all the legislators need to do to promote harmony is to obey. There never was a more reasonable man than Governor LaFollette when he has his own way.

Waupaca Post: Judge Burnell has cut that kissing verdict from \$500 to \$300. Possibly the judge had experience with Neenah girls before he went on the bench, of course, and therefore knows what those kisses were actually worth.

Waupun Times: The Northwestern says that an Oshkosh boy has the record of having been present at Sunday school every Sunday for five years. The only improbable thing about the story is that the boy lives in Oshkosh.

Milwaukee Wisconsin: If the coal strike leads to the economical utilization of the deposits in the Wisconsin peat beds, the coal strike will have been like a toad, which, ugly and venomous, wore yet a precious jewel in its head.

Milwaukee News: However, if Governor LaFollette prevails upon the legislature to place the taxation of public service corporations on an ad valorem basis, it won't matter much whether his scheme of exempting real estate mortgages from taxation by indirectness, instead of direct exemption, goes through or not.

La Crosse Republican and Leader: The coming spring will open for LaCrosse what promises to be one of the most prosperous years in the history of the city. The new hotel, the new depot, the new court house and various other public and private enterprises, including \$130,000 for street paving, will make a phenomenal record.

Neenah News: The old says that a "guilty conscience needs no accuser," was verified in the house at Washington yesterday when a flash light picture was taken while the session was on. Several of the members who are noted for their support of the trusts and subsidies, jumped to their feet in dismay, thinking that a bomb shell had been hurled into the room.

Racine Journal: The governor's message recommends the mill tax now yielding altogether too large a sum at the expense of the counties which are called upon to do the bulk of the contributing be limited to \$650,000. This, of course, can be easily done, as there is no sense or reason of collecting a million and a half or so dollars every year for this purpose with the result that some counties are practically relieved from making any school tax whatever. There are quite a considerable number of people who believe that the arguments of the people may be carried further and the tax taken off altogether.

Globe, Boston, Mass.: The Post Check scheme is a novel one, but certainly it has the merit of utility, for the present postal system of money orders is not only clumsy but expensive.

The idea is simplicity itself. It is to have the government bills so printed that there are blank spaces which could be filled out like a check. When not filled they pass current as money just as they do now, but when filled out to pay a small bill, say at some distant point, they must be endorsed by the receiver and cashed at the postoffice. After that the bill is worthless as currency. The only expense would be a two cent postage stamp for government fee on the face of the bill when it was converted into a check. It is calculated that this system would prevent a great deal of the present inconvenience which people find to pay a small bill, say a subscription to a paper or a magazine, when such a bill has to be sent by mail, and of course everybody knows there is certain risks in sending ordinary money through the mails. The idea embraced in the bill which went before Congress last year met with great favor, not only among congressmen and financiers, but was also favorably commented upon by the press of the country. The practicability

and the simplicity of the scheme appealed to everybody.

His Railing Passion.

When Verlahe died, he left his friend Biblapuree as a legacy to those who had cared for him. Bibl was inoffensive; there was a tradition that years ago he had worked, but the man lived not who had seen him with pen in hand. Yet Bibl was looked after for the dead post's sake. Painters, sculptors, journalists, gave him house room in turn, fed him and clothed him, and Bibl was grateful. But one little vice of his was incurable—he invariably walked off with his host's umbrella. This persistent absentmindedness at last produced a coolness, and his friends dropped off, and Bibl experienced the cold shoulder of neglect.

One day he was discovered almost starving in an empty house, and Verlahe's friends reproached themselves for their unkindness to the poor old man. A subscription was raised for his benefit, and the money handed to him at a banquet at which the twenty-seven subscribers were present. Bibl's health was drunk with enthusiasm; he rose to reply, but emotion so overcame him that he sought permission to retire. In his retirement he was accompanied by twenty-seven umbrellas.

Frogs and Wires.

It is said that one of the great enemies of the overland telegraph line in central Australia is the common green frog. In order to save the insulators from being broken by the lightning they are provided with wire "droppers" leading round them at a little distance to conduct on to the pole in case of need. The frogs climb the poles and find the insulators cool and pleasant to their bodies, and fancy that the "dropper" is put there to furnish them with a back seat. After a nap they yawn and stretch out a leg until it touches the pole—result, sudden death to the frog, and as the body continues to conduct the current to earth we have a paragraph in the papers to the effect that "in consequence of an interruption to the lines probably caused by a cyclonic disturbance in the interior, we are unable to present our readers with the usual cables from England!"

Sensible Treatment of Corns.

Light shoes, short shoes and clumsy shoes produce corns by compressing, cramping and rubbing against the joints. A great many of these pedal blemishes are hereditary. In any case it is a good plan to suppress them. Every medicine merchant has a variety of "cures," and nearly all give temporary relief. A poultice made of vinegar soaked breadcrumbs will cure a little corn in one night. It is not advisable to let a corn grow. Either rub down the formation with pumice stone or remove it with a knife. A little opposition will discourage it provided sensible shoes are worn. In pedicuring, as in manuring, the feet should be soaked in hot water and as much of the waste material brushed and rubbed off as possible.

Onion Soup.

Onion soup is often liked by people who disdain the savory herb in any other form. There is no doubt of the wholesomeness of the onion, and those who have never tried the soup are recommended to use this celebrated recipe of the elder Dumais: Take, for three pints of soup, four Bermuda onions or eight common white ones, mince them and fry to a golden brown in two tablespoonfuls of butter. Pour in two quarts of water, season with pepper and salt and boil until the onions are quite soft. Beat the yolks of three eggs, mix with the soup and pour the mixture over finger slices of toasted bread. Milk may be used instead of water in this soup.

Seaweed Pavement.

Seaweed or seagrass paving blocks, newly invented, are being tried in Baltimore. They are made by compressing the seaweed until it becomes hard and solid, when it is bound tightly with wire. The loose ends of the grass are cut off, and the block is finished by being immersed in boiling pitch or tar.

SCOTCH GATHER TO HONOR BURNS

POET'S BIRTHDAY WILL BE CELEBRATED THIS EVENING.

BANQUET AT CENTRAL HALL

Wallace Bruce, the Noted Lecturer, Will Be Guest of the Caledonian Society.

This evening at Assembly hall the memory of the immortal Burns will be honored and his praises sung by enthusiastic admirers. The one hundred forty-fourth anniversary of his birth will be fittingly celebrated, the Rock County Caledonian society having entire charge of the festivities.

A Scotch Feast
At 6:30 o'clock the guests will be seated at the long tables spread in Central hall and a banquet will be served. Mrs. Louise Bowerman being the caterer. Preparations have been made for two hundred people. The menu includes genuine Scotch shortbread as its crowning feature, other items of the feast being escalloped oysters, potatoes "au gratin," cold tongue, sandwiches, pickles, jellies, salads, coffee, ice cream and assorted cake. At the head of the menu card appears the verse:

"Some ha'e meat and canna eat,
And some we eat that want it,
Sae we ha'e meat and we can eat,
Sae let the Lord be thankit."

A Distinguished Guest
Wallace Bruce, of Brooklyn, N. Y., who is to lecture on "Scottish Shriners" on the People's Lecture course, will be the guest of the Caledonian society at the banquet and will probably make a few remarks on the post prandial program.

Program and Dance
Dr. James Mills, president of the Caledonian society, will be the toastmaster and an excellent program of toasts and music has been prepared. Scotch subjects have been chosen for the responses and for the music. After the program the floor will be cleared for dancing for which Smith's orchestra will furnish the music.

TWO CHURCHES HAVE SUPPERS

The First Methodist and the Baptist Churches Have Interest.

Ing Evenings.
Young men's bible classes held away in both the Baptist and First Methodist churches Monday evening. In both places the attendance hovered around the thirty mark, the Methodist having a slight advantage in numbers. Both classes began their exercises with a spread of good things for the inner man, after which a feast of learning was substituted for the more carnal offering which had first beguiled the Sunday school students.

First M. E. Church.
Dr. F. T. Richards is the instructor of the Knights' class which met at the First Methodist church. The occasion was the regular monthly meeting this being the second of the year. The series will continue until April.

After full justice had been done an appetizing supper, the subject, "Why Don't Men Go To Church?" was discussed under the guidance of Frank Hall. "Reasons From the Outsiders' Standpoint" was the subject taken by Mr. Barfoot, who was followed by Leslie Williams on "Why Should One Not Go To Church?" Dr. Richards then spoke of the influence of the Sunday newspaper on church attendance. Rev. Warner summed up the entire theme. During the course of the evening Finley Williams, W. R. Rothermel, E. M. Kay and H. E. Cary took part in open parliament, which was sandwiched in between the set addresses.

The Baptist Class
Corn was very much in evidence at the Baptist church as well as the side dishes at the banquet, and corn was the subject of the toasts. The menu included corn fritters, corn mush, corn jelly, escalloped corn and corn in numberless other alluring forms.

When corn had been discussed to the physical satisfaction of the young men who were present three toasts followed.

Clare Beers spoke of Shocks, R. H. Grove of Malice and Rev. Vaughan as teacher of the class, of The American Cereal. Following these short talks a musical programme was given in which the glee club, all the members of which belong to the class, played a prominent part.

MAN WHO GAVE AID TO MACKAY

Death of Missourian Who Loaned the Miner a Large Sum.

Columbia, Mo., Jan. 27.—Lawrence Bash, whose death in Boone county, Missouri, has just been announced, lent John W. Mackay \$10,000 with which he bought and developed the Comstock lode. Bash was then a prosperous liveryman of Virginia, Nev., and a warm friend of Mackay. Their friendship continued until Mackay's death.

AUGUST MALLWITZ DEMANDS \$2,000

WAS BADLY INJURED ON OCTOBER 17, 1902.

HE IS PERMANENTLY CHIPPED

A Depression in East Milwaukee Street Caused Runaway—Rose Davey Another Claimant.

The city of Janesville now has a \$2,000 damage suit on its hands caused by a defective street and a notice of injury in another case was served on City Clerk Badger this morning.

The first is the claim of August W. Mallwitz for injuries received by him on October 17, 1902 at 8:30 o'clock in the morning on East Milwaukee street. The claim and demand were served on the city clerk yesterday afternoon by Rogers and Rogers of Ft. Atkinson, Mallwitz's attorneys. The substance of the claim is that on the morning of October 17, 1902, on account of the insufficiency and want of repair of the road bed of East Milwaukee street, on the north side of the street car track, where Wisconsin street intersects East Milwaukee street and about 12 feet east of a crosswalk crossing Milwaukee street the complainant met with serious injuries.

Bad Road

At the time of the accident there was a depression in the road bed from five to seven inches deep and several feet across each way into which Mallwitz drove while coming down the hill on a load of wood. The depression caused a sudden stoppage of the wagon and caused Mallwitz to fall off the load onto the whiffletree, the front stakes in the wagon broke allowing the wood to fall onto him and the horses and caused them to run away.

Broken Leg

In the mix-up Mallwitz claims his right leg was broken a few inches above the ankle and he received numerous bruises, cuts and injuries. He is now troubled with kidney disease brought on by the accident.

\$2,000 Damages

The notice of injury was filed with the city clerk on October 31, 1902. The demand and claim is for medical treatment \$100, care and nursing \$100, injuries permanent and crippled condition \$1,500, in all \$2,000. City Atty. Burpee is looking after the city's interests in the matter.

Another Case

The notice of injury is from Miss Rose Davey, who claims she fell and received injuries on account of a defective roadway on Wall street, near E. S. Balne's warehouse. The notice does not state what the injuries are but it is understood that the young lady broke her left wrist.

TO MILK CONSUMERS

Shurtliff Company—Add To Their Former Ice Cream Business

We wish to call your attention to a new department which we have added to our ice cream business and to make a brief statement of its purposes and methods.

Our purpose is to supply you with pure milk and cream. We intend to use only morning's milk and we guarantee it to be fresh, clean and wholesome; all disease germs and bacteria of every kind having been destroyed by pasteurizing.

Pasteurized milk is approved and recommended by physicians, epicures and hospitals everywhere.

Properly pasteurized milk is the most perfect substitute for that nourishment which nature primarily intended for infants, and is the only milk that should be given the sick. Physicians strongly advise its use whenever obtainable.

Having pasteurized the cream for our ice cream for a number of years we have proven to our own satisfaction and profit that it is the only method whereby purity in quality is assured.

We would like to prove this to you and can do so if you will give us a trial.

Our factory is located at No. 55 Park street and in it is employed every known device for the sanitary handling and treatment of milk and cream. You are cordially invited to inspect our factory and it will give us pleasure to explain our machinery and methods anytime.

Call up 184, either 'phone, and give us a trial. SHURTLEFF COMPANY.

NEWS OF THE CITY IN BRIEF.

Ghost Social: The Epworth League will give a ghost social at the M. E. church at Plymouth, Friday evening, January 30, all are cordially invited.

O. E. S. Meet: A regular meeting of Janesville chapter No. 63, O. E. S. will be held in Masonic hall on Wednesday evening, Jan. 28th, at 7:30.

Baptist Cabinet Meeting: There will be a general conference of the officials of the Baptist church in the church parlors this evening for the purpose of discussing working plans for the future. All the deacons, church officers, presidents of the various societies and the chairman of all committees are expected to be present.

Work For Street Superintendent: The bridge is in bad condition with the present thaw and there is plenty of snow and slush that could be cleared off and improve its looks. The sidewalk in front of the Carnegie Library is also defective and stands several inches below the level of the street. As this walk is much used it should be fixed.

An adjourned regular meeting of the Rock County bar association will be held at the Court house, February third, 1903, at 11:00 o'clock, a. m. Officers will be elected and committees on legislation and other matters will report, and other business of importance to members will come before the meeting. All members of the association are earnestly requested to be present. E. D. M'GOWAN, Secretary.

NEW DYNAMO FOR ELECTRIC PLANT

WILL BE ESTABLISHED IN THE MONTEREY MILLS.

A BIG ENGINE IS TO BE USED

The Old Allis Compound Condensing Engine Will Be Kept as a Reserve Power.

Manager P. H. Korst of the Janesville Electric company returned the first of the week from Milwaukee where he has been attending the convention of the Northwestern Electricians' association. Aside from attending the sessions of the meeting he spent much time at the works of the Christensen Engineering company, observing the progress of a test which was being made of a dynamo which will next week be put into service here.

None but the largest cities of the state have an electrical equipment similar to that which the local company will have when all contemplated improvements have been made. The new dynamo is a decided step in advance. It is known as a three-phase alternator, and is of nearly four hundred horse power. It is a mammoth affair, weighing between six and seven tons.

At Monterey Plant

This dynamo will be placed in the Monterey plant in the engine house of the old cotton mills. The other dynamos are occupying space in that portion of the main mill building where the water wheel is located.

When the new dynamo is installed and ready for operation, the plant is to use it twenty-four hours of the day. It can be used both for street and store light or for power. With the equipment in the downtown and the Monterey power-houses, and the substitution of the new alternating current street lights for those now in use, there ought to be no complaint of the dark street lights.

Reserve Power

Although the water power at the lower mills is excellent, even better than that down town, there are times when the river is too low to make it efficient. For use in such emergencies the monstrous engine which was installed for the cotton mill, and saw but little practical service, will be kept for auxiliary power.

Powerful Engine

From the time of its installation at the lower mill the engine, which is an Allis compound condensing engine of three hundred and fifty horse power, has only seen about three weeks of active service. There is hardly an engine in this part of the state which can compare with it, certainly not in this city. The engine in the power house at Deloit of the Interurban line is alone larger and more powerful. It was made by the same Allis company of Milwaukee.

On Friday evening, Jan. 30, at the home of Charles Richards there will be a social given by the ladies. Refreshments will be served and a general good time promised to all who attend, everybody invited.

Mrs. Flora Owen and Sarah Richards spent Thursday at the home of Wm. Ross, town of Janesville.

The farmers and citizens in this vicinity had with delight the prospect of having free delivery of the mail in this section in the near future. This is something that has been a long felt want and many efforts have been made to accomplish this result.

Henry Pepper and Earl Richards attended the mid-winter fair at Stoughton Wednesday and Thursday of last week. They report a good time and Rev. Logan as being pleasantly located and happy.

Instead of the regular session of the study class Tuesday evening the men gave the ladies a banquet at the home of S. J. Strang. The company was not a large one, thirty-one taking supper. The men did all the work both in preparing and serving the spread. The menu was of four courses and very elaborate, the gentlemen being careful to look after every detail, showing the gentler sex how these things should be managed.

Mrs. Clifford went to Magnolia Friday to stay a few days.

We understand that L. Klatt has put his hardware business in the hands of a real estate agent to sell. This is a good stand and the many friends of Mr. Klatt regret that he should leave the place.

Constable Baldrige drives a very spirited horse these days being his latest acquisition in a horse trade with one of our worthy citizens.

Leo Timmons is still very ill at the home of Mat Kennedy.

Will Ashby's family have been having a siege with the grip.

Mrs. W. H. Cory visited at Hanover on Friday.

Claude Rose delivered his fine large crop to tobacco to Pepper & Owen Saturday.

Chas. Willis who lost his watch here recently found it Saturday, it having been dropped at a hitching post and a horse stepped on it.

ORFORDVILLE

Orfordville, Jan. 26.—Charles Heggard's nose and eyebrow came in collision with a flying stick of an ax handle and the result does not add anything to his appearance. Luckily his eye escaped injury.

Mr. and Mrs. Nels Heggard spent Sunday afternoon with C. J. Heggard.

Mr. and Mrs. Harley Christanson's child is suffering from an attack of pneumonia.

Mr. K. G. Grunhard and C. J. Heggard will have their "Drew Little Carrier" in operation this week.

Harry Silverthorn of Footville spent Sunday with Orfordville friends.

Margaret Langset died at her home Thursday evening, 89 years old. Deceased was confined to her bed but a short time. Funeral was held Monday; Rev. J. A. Bergh officiating, and interment in the Luther Valley cemetery. She leaves to mourn her loss three sons and two daughters.

Miss Julia Roen and Mrs. Carl Johnson visited at K. B. Thoen's, Tuesday.

Mrs. Carrie Johnson, Julia Roen, Lena Osgard and Mat Osgard spent Tuesday evening with Mr. and Mrs. Ole Medgorden.

Frank Kane will be at the Farmers and Merchants' Bank on Jan. 29th to receive taxes for the town of Plymouth.

John Soultman of Janesville and O. J. Bertness was busy riding in this vicinity buying tobacco Tuesday and Wednesday.

H. N. Wagley is kept very busy these days.

Martin Osgard and A. A. Brunswold delivered their tobacco Tuesday at Brodhead.

Crist Stavn was seen on our streets last Saturday with a new light bowler and a smile all over his whiskers.

Miss Anna Heggie is staying with Mrs. Alma Bertness.

Ole Brunswold called on friends in this village Thursday.

Miss Nellie Osgard was the guest of Mrs. T. O. Rine last Monday.

The C. M. & St. Paul Railway Co. will sell homeseekers excursion tickets to western points, on the first and third Tuesdays each month, one fare and \$2 for the round trip.

CONSTIPATION STARTED YOUR SUFFERING, CURE IT AND YOUR AFFLICTION WILL VANISH.

Mull's Grape Tonic Cures Constipation.

When the bowels move irregularly the entire bodily system must suffer. Constipation more frequently occurs among women and it manifests itself in provoking profuse leucorrhoea and other serious female diseases. Regular bowels will result in a complete cure when you use Mull's Grape Tonic. Unlike pills and ordinary cathartics, this remedy is a mild, gentle laxative in addition to being a greater flesh-builder, blood-maker and strength-giver than cod liver oil or any other preparation recommended for that purpose. Mull's Grape Tonic will permanently cure the most obstinate case of constipation, and the numerous ailments that invariably follow in its wake. No matter if it is piles, liver complaint, kidney disorder, vertigo, palpitation of the heart, diarrhoea or the self-poisoning which follows when the undigested food remains in the bowels where it putrefies and empties highly diseased germs into the blood, such as typhoid and malaria, Mull's Grape Tonic will positively cure. Large sample bottle will be sent free to any address on receipt of 10 cents to cover postage, by the Lightning Medicine Co., Rock Island, Ill. Send name of your druggist. All druggists sell Mull's Grape Tonic at 50 cents a bottle.

THE CHILDREN ENJOY

Life out of doors and out of the games which they play and the enjoyment which they receive and the efforts which they make, comes the greater part of that healthful development which is so essential to their happiness when grown. When a laxative is needed the remedy which is given to them to cleanse and sweeten and strengthen the internal organs on which it acts, should be such as physicians would sanction, because its component parts are known to be wholesome and the remedy itself free from every objectionable quality. The one remedy which physicians and parents, well-informed, approve and recommend and which the little ones enjoy, because of its pleasant flavor, its gentle action and its beneficial effects, is—Syrup of Figs—and for the same reason it is the only laxative which should be used by fathers and mothers.

Syrup of Figs is the only remedy which acts gently, pleasantly and naturally without griping, irritating, or nauseating and which cleanses the system effectually, without producing that constipated habit which results from the use of the old-time cathartics and modern imitations, and against which the children should be so carefully guarded. If you would have them grow to manhood and womanhood, strong, healthy and happy, do not give them medicines, when medicines are not needed, and when nature needs assistance in the way of a laxative, give them only the simple, pleasant and gentle—Syrup of Figs.

Its quality is due not only to the excellence of the combination of the laxative principles of plants with pleasant aromatic syrups and juices, but also to our original method of manufacture and as you value the health of the little ones, do not accept any of the substitutes which unscrupulous dealers sometimes offer to increase their profits. Please to remember, the full name of the Company—CALIFORNIA FIG SYRUP CO.—is printed on the front of every package. In order to get its beneficial effects it is always necessary to buy the genuine only. For sale by all reliable druggists.

RHEUMATISM

is one of the most obstinate of all disorders and most painful. You can be cured of it, if you are thus afflicted. Thousands of people have already taken Liquezone, and are to-day well and happy. It destroys the uric acid in the blood, and thus cures quickly and permanently rheumatism, sciatica, neuralgia and kindred affections. Investigate this wonderful curative and convince yourself that what we say is true. We do not ask you to believe us or take our word for it, but you must be convinced by the words of those who have cured.

Dr. W. C. Galbraith, of Wheaton, Ill., says: "I have had rheumatism for about 12 years, and have tried everything I heard of with no permanent relief. I was laid up in bed two and a half months, when, by the advice of a friend, I commenced the use of your Liquezone. After using two bottles I resumed my regular work, and after taking three bottles I am entirely cured."

"I cheerfully recommend Liquezone to all who are suffering with rheumatism."

Dr. W. C. Galbraith, V.S., Wheaton, Ill.

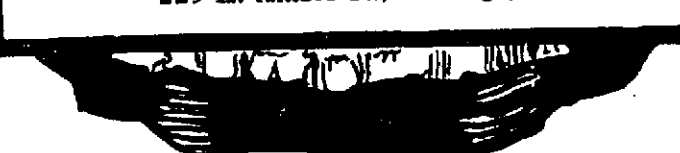

Mrs. S. M. Jewell, 258 Western Ave., Chicago.

"I am sixty-seven years of age, and have had rheumatism all my life, but for the last eight years I have been so bad and stiffened up that I could not put my clothes on, and was compelled to have someone buckle my belt. I have tried the treatments prescribed by a great many doctors, and all kind of drugs. As a last resort, I procured a bottle of Liquezone, and took the first bottle. Now I have taken only two bottles, but the lameness and soreness has left me, the stiffness in my fingers is gone, and I will recommend it to all those who suffer from rheumatism, as I know it will be a great relief to them."

And to give you absolute and still more proof, we will give you the names of thousands who can tell you what Liquezone has done to relieve them of pain and disease.

Liquezone is not a drug, is not a medicine. It is a natural product, pleasant to take. It contains an excess of pure oxygen, which is the most healing product known to all Nature. It will cure. We want you to test it. Trial size, 50 cents; prescription size, \$1.00. We know what it will do. For years people have been cured with it. Ask the cured ones about it. Don't take our word for it.

ASKS CONGRESS TO AID NEGROES

SAYS LIBERTY IS AT STAKE

Declares That Conditions in the South Are Tending Toward the Peonage System That Existed in 1860, and Asks for Relief.

Washington, Jan. 27.—The executive committee of the National Afro-American council adopted a resolution urging confirmation by the senate of the nomination of Dr. W. D. Crum to be collector of customs at Charleston, S. C., and issued an address to the country on the race question in general. The address is signed by Alexander Walters, chairman of the executive committee; Cyrus Field Adams, secretary, and William A. Pledger, acting president of the council. The address in part is as follows:

Period Is Critical.
"It is evident to the thoughtful among us that we are passing through one of the most critical periods of our existence in this country. Questions that immediately concern the liberty and well-being of one-eighth of the population of the United States and scarcely to less degree the whole population of the country are pressing for treatment as never before.

"A systematic effort has been inaugurated on the part of the South which has for its object the withdrawal of the franchise from the Afro-Americans of that section and their reduction to a position of absolute subservience in all the relations of life. It has been openly declared by some of the most prominent leaders of the South that it was the intention of the framers of the new constitutions to disfranchise as many Afro-Americans as possible and leave every Caucasian in full possession of the suffrage. The effect has been that not only has the Afro-American been disfranchised, but also that a very large number of Caucasians who previous to the adoption of these constitutions participated in elections have ceased to register and vote.

For Constitutional Rights.
"We contend for our constitutional rights on the ground that the right of suffrage has been conferred upon its citizens by the federal government.

"We heartily commend the Afro-Americans of Virginia, Alabama, Louisiana and other states who are seeking redress through the courts of the land and we pledge them our moral and financial support. We denounce the mob murders now so prevalent in this country.

"We call the attention of the country to a condition of service on many farms in a number of the Southern states resembling very much the old peonage system and ask for legislation looking to the remedying of the evil.

"We submit our protest against the unfair practices in the transportation of passengers in Southern states, discriminating unjustly against Afro-Americans, requiring of them the highest rates of travel and providing in return the poorest accommodations.

"We appeal to congress for favorable action upon one of the several measures now pending therein for the appointment of a commission to inquire into the condition of Afro-Americans of the country."

GIVES STATES POWER.

Bill in Congress Will Help to Bar Liquor in Original Packages.

Washington, Jan. 27.—The judiciary committee of the house favorably reported a bill to meet the conditions brought about by the original package decision of the supreme court to the effect that the states could not interfere with the introduction of liquors in original packages. The decision prevented the enforcement of prohibitory laws enacted by various states. The bill seeks to correct this by subjecting intoxicating liquors imported from one state into another to the jurisdiction of the laws of the state into which they are imported.

HOUSE RUSHES BILL.

Appropriation for Military Academy Passed Without Debate.

Washington, Jan. 27.—The house made a new record in the matter of appropriation bills. The military academy appropriation bill, carrying \$44,275, was passed without a word of debate. The Indian bill, which followed, was not completed, as Mr. Burton (Rep.) of Ohio made a long speech on it in general criticism of the policy of the government toward the Indians. A resolution was adopted calling on the postmaster general for the correspondence in the Indianola, Miss., post-office case.

RETIRE FROM ARMY.

General E. M. Hayes Leaves Vacancy to Be Filled by Colonel Davis.

Washington, Jan. 27.—Brigadier General Edward M. Hayes, recently promoted, has been retired. Colonel Charles L. Davis of the Fifth infantry will be promoted to the vacancy. Other officers to be promoted and retired are Col. Joseph P. Farley of the ordnance department and Col. M. C. Foote. Col. Francis Moore of the Eleventh cavalry will receive the permanent promotion as brigadier general and will be assigned to the command of a military department in the Philippines.

Parcels Post.

Washington, Jan. 27.—The United States are awaiting official advice from the nations of Europe regarding their attitude on the question of parcels post relations. This government

through the state department recently gave notice generally to the European governments that it was ready to open negotiations for parcels post treaties. None of the countries approached has responded.

Philippine Currency.

Washington, Jan. 27.—The senate committee on Philippines has decided to substitute the committee currency bill for the house bill and report it to the senate. The senate bill is the same as that reported from the house committee on insular affairs and which was defeated in the house.

Canal Contracts.

Washington, Jan. 27.—The senate committee on interoceanic canals has authorized a favorable report on the bill now prohibiting the granting of contracts in relation to the proposed Panama canal to any but American citizens.

Advance for Consuls.

Washington, Jan. 27.—The president advanced to the grade of consuls General James W. Ragsdale of California, now consul at Tien-Tsin, China, and Levi S. Wilcox of Illinois, now consul at Hankow, China.

Alger Takes Oath.

Washington, Jan. 27.—The credentials of Russell A. Alger, recently elected senator from Michigan, were presented to the senate by Mr. Burrows and the oath of office was administered to him.

South Dakota Senator.

Washington, Jan. 27.—The credentials of A. B. Kittredge, elected to succeed himself as senator from South Dakota, were presented by Mr. Gamble and the oath of office administered.

Dies of Smallpox.

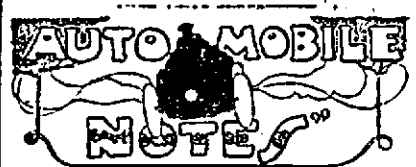

Washington, Jan. 27.—A cablegram from General Davis from Manila reports the death of First Lieutenant William K. Armstrong, Twenty-eighth Infantry of Alabama, from smallpox.

Fortifications Bill.

Washington, Jan. 27.—The fortifications appropriation bill as reported to the house carries \$7,093,941, being \$205,012 less than the current law. The bill contains no new legislation.

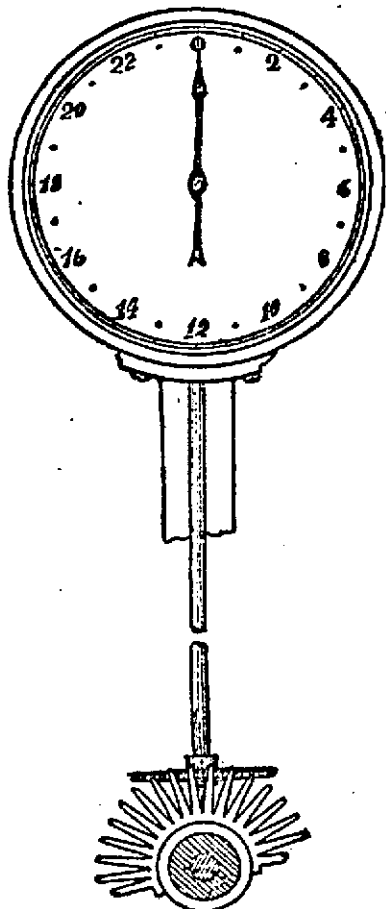

Hermann's Successor.

Washington, Jan. 27.—The senate has confirmed the appointment of William A. Richards as commissioner of the general land office.

By a simple device, the invention of an architect of Minneapolis, Minn., it will be an easy matter to ascertain the speed at which an automobile or other vehicle to which it is attached travels. The device, which is named the Hodgson speed indicator, consists of a double dial with index hands which are moved automatically from the running gear of the machine.

The indicator, says the New York Herald, is applied at either front or

SPEED INDICATOR.

rear wheel between the wheel and the body of the vehicle. The double dials show the speed from either side. The index hand travels forward and recedes, keeping pace with the present speed of the vehicle, while behind the index hand is another, which travels forward so long as the speed continues on the increase, but remains stationary when the machine slows up or stops for three to five minutes, when it is released and flies back to the present position of the first named index hand.

The index hands are moved by centrifugal expansion of heavily weighted arms in the mechanism. The device's accuracy and reliability, it is claimed, cannot be affected by dust, mud, moisture or frost. It is easily adjusted to different sized wheels.

The dial and figures are made large enough to be easily seen by a person standing at a distance of several feet away.

MINERS REJECT BIG DEFENSE FUND

SECURE MONEY IN EMERGENCY

Members Respond Quickly When Called Upon to Give Aid to Their Fellow—Present Assessment to Continue for One Year.

Indianapolis, Jan. 27.—The United Mine Workers of America decided that it would be impolitic at this time to take steps to raise a national defense fund by adding \$2,000,000 to the \$1,000,000 now in the national treasury, and the report of the committee which reached this conclusion was adopted after a short discussion. In lieu of it, however, and because of the "unorganized condition of many of the miners in the district," it was recommended that the present assessment of 10 cents per month be continued for one year. This assessment brings in approximately \$30,000 per month and the \$300,000 thus raised will be devoted to the organization.

No Need for Fund.

The committee pointed out the fact that many of the districts now have large defense funds, and as it had been demonstrated by experience in the anthracite strike that the miners will respond cheerfully to any assessment that an emergency may make necessary, it was inadvisable to augment the money in the treasury and thus take more out of circulation and let it lay idle in bank. The proposition to raise the money and invest it in easily convertible securities such as government or municipal bonds, was regarded as impracticable, and found little support.

Regarding Injunctions.

The convention received a report from its special committee, which was appointed to draft an expression on "government by injunction." The report declared that while many judges heard and determined causes conscientiously, there are those who do not hesitate to stretch or even break the law to promote the interests of those who are in position to assist them in securing wealth, power, and notoriety; that they are moved by the same feeling, prejudice, or passions that influence ordinary citizens; that if a judge has the right to restrain one man he has a right to restrain 1,000,000, and that the power that can break the constitution to crush the employees of a coal mine or a railroad king can destroy the lives of the people whenever it suits the purpose of that power to do so. The committee was instructed to go to Washington and work for the passage of the "anti-injunction bill" now pending in the

senate, and to have the record of every senator on that measure.

Change in Strike Clause.

A change was made in the constitution by which it will require a three-fourths vote of the membership of the organization hereafter to order a strike. Heretofore two-fifths of the members could order a strike. When the result of the referendum vote by which the officers were recently elected was announced in the convention it was discovered that only about one-sixth of the organization had participated in the election. President Mitchell received 55,032 votes and Secretary-Treasurer Wilson received 56,125. Neither had any opposition, but much surprise was expressed that Mitchell's vote was the smaller of the two.

T. L. Lewis of Ohio was re-elected vice president. This city was chosen as the next meeting place of the convention.
